## Chinese Empire

The Chinese Empire, which lasted from 12 December 1915 to 23 March 1916, was a constitutional monarchy founded by Yuan Shikai. With the reign title Hongxian and its capital in Beijing, the Chinese Empire had a national flag, national emblem and national anthem. An honour system was also implemented. However, due to fierce opposition from all sides, the Chinese Empire was toppled just 83 days after Yuan ascended to the throne.
