

中山裝 ZHONGSHAN SUIT

- 西服除了要穿襯衣外，還要套上外套，更要戴上領帶，很不方便。為避免西服的繁瑣，中山裝採用對襟及翻領設計，穿着方便，不需要繁瑣的配搭。

Apart from a shirt, the western style suit also requires a jacket and a **tie**, so that wearing it is quite a hassle. To simplify things, the Zhongshan Suit uses a button front opening and turned down collar design. It is convenient to wear, saving the wearer time and effort on matching different pieces of clothing.

- 上衣的上下左右各設口袋一個，並各釘上鈕扣一枚。

The jacket has two **pockets** on each side, while each pocket has a **button** on it.
